SPILL CONTAINMENT BOOM	X 1

# Attributes

*Just as important as working aspects of a vessel, are the off-shift comforts.*

DINING AREA

*A spacious DINING ROOM & LOUNGE AREA provides ample room to relax and dine.*

CLIENT'S OFFICE WITH REMOTE SURVEY MONITOR AND FLAT PANEL TV & DVD

*A "chow line" style food serving area keeps the galley free for the cook to prepare his specialities.*

42" FLAT PANEL TV C/W DVD/VHS COMBO

VOID ROOM WITH FITNESS EQUIPMENT

*For those with "extra" steam to burn off, a stationary bicycle and total gym prove for a good workout. This room is the only area inside the vessel where smoking is allowed as it is ventilated independent of the vessel A/C systems*

# Safety

*Safety... protecting personnel and the environment are of the utmost importance to the Silvetti Group of Companies.*

17' Rescue Craft

12 MAN SOLAS LIFE RAFT 1 of 2

*Combined escape rafts and rescue craft provide space for more personnel than the vessel houses.*

*In the event of fire, the vessel is equipment with two complete full bunker suits and SCBA Tanks to combat fire.*

BUNKER SUIT / SCBA TANKS

*Remote Cameras monitor the engine room, and back deck 24 hours / day with displays on the bridge and in the survey room.*

*In the event of a oil spill, the vessel is equipped with a containment boom.*
